PROFILE

Dedicated, patient-focused dentist with 17 years of extensive international clinical experience providing comprehensive dental care in private practice and multidisciplinary clinics. Skilled in endodontics (rotary), prosthodontics, esthetic dentistry, oral surgery, implantology, periodontal therapy, pediatric dentistry, and comprehensive treatment planning. Known for exceptional diagnostic skills, gentle patient management, and commitment to evidence-based dentistry. Experienced in managing full-service clinics, mentoring junior dentists, and maintaining high-standard sterilization and infection-control protocols.

PROFESSIONAL EXPERIENCE

FOREVER SMILES CLINIC- DR. NAHAL SANAVANDI, Tehran, Iran — 2020 – PRESENT
Cosmetic, Surgical & Implant Dentist

High-end multidisciplinary aesthetic and implant center.
Key Responsibilities & Clinical Focus:

- Full-scope cosmetic dentistry, including composite veneer artistry, ceramic laminate veneers, smile makeovers, and facial aesthetic harmony.
- Advanced implantology: guided implant placement, immediate implantation, bone grafting, sinus-lift & soft-tissue handling.
- Piezo bone surgery for atraumatic surgical procedures, including:
  - Impacted wisdom teeth
  - Bone contouring
  - Sinus-related surgical refinement
  - Precision osteotomy with minimal trauma
- Same-day CAD/CAM crowns using CEREC (scanning, designing, milling, bonding), MEDIT & 3Shape systems.
- Complex surgical extractions, including deeply impacted molars.
- Molar endodontics with modern rotary systems
- Clear aligner therapy (DIO & Invisalign certified).
- Digital smile design and photographic documentation showcased on Instagram @dr.a.rad.dds.
- Managing high-expectation cosmetic patients and delivering predictable aesthetic outcomes.

MORVARID DENTAL CLINIC, Tehran, Iran 2009 – 2020
General & Cosmetic Dentist

Clinic permanently closed due to COVID-19.

Responsibilities:

- Routine and advanced general dentistry, including restorative, endodontic, periodontal, prosthodontic, and pediatric procedures.
- Cosmetic cases: whitening, direct composite veneers, esthetic bonding, smile enhancements.
- Surgical procedures including extractions and early implant case selection and referrals.
- Patient follow-up, long-term treatment planning, and management of a loyal patient base.

ALTIMA DENTAL – SCOTIABANK TOWER AND BMO TOWER, Toronto, Canada 2008 – 2009
Associate Dentist

Premium corporate dental practice network.
Responsibilities:

- Full-scope general dentistry in fast-paced downtown clinics.
- Restorative, endodontic, prosthodontic, and cosmetic procedures.
- High-efficiency workflow and advanced patient communication, tailored to corporate/HNW clientele.
